

Transcripts

The official transcripts of court proceedings will be included in electronic case dockets. A transcript filed by a transcriber is only available for viewing at the clerk's office for the first 90 days. During the 90-day period, if you wish to receive a copy of the transcript it may be purchased from the transcriber to gain remote access to the transcript through PACER. Attorneys and pro se parties who attended the hearing will have the ability to request redaction of personal identifiers from an electronically filed transcript. Identifiers are Social Security numbers, financial account numbers, names of minor children, dates of birth, and home addresses of individuals, other than the debtor. After the 90-day period, the restrictions will be removed and the transcripts will be available to the public.

The 90 day restriction period begins as soon as the transcript is filed. In order to request that a transcript be redacted, follow the procedure below to request the redaction.

NOTE: There is a 10 day deadline to file this document. This document only provides the intent to redact personal identifier on transcript. The actual items to be redacted will be filed in a separate document.
