

[CM/ECF version 5.1 Trustees New Features](#)

CM/ECF version 5.0 and 5.1

Summary of New Features- Trustees

E-Orders

Under the Order Upload Menu the “Batch Order Upload” event has some added features.

- The attachment screen has a button to “Add main document” instead of “Browse”.
- After the Main document has been added, an Attachment may be included by using “Add Attachment”.
- The attachment will then appear visually. The Main document or attachment may be deleted by clicking the “x” underneath the Delete column.
- After the attachment has been uploaded, a Category and/or Description must be selected by clicking in the blank Category or Description field. A pop-up window will appear. Select the appropriate Category and/or enter the description and Click Save.
- Click “Update list”, to add the attachment to list. Click Next.

The final submission screen will appear.
