---

Many years ago, well before the implementation of ECF filings, the Bench-Bar Liaison Committee generated a survey of the Northern District Bankruptcy Judges. The questions focused on various practice procedures utilized by the judges and the questions and responses were printed out in a black notebook. The following is an effort to update and replace the old notebook. We have surveyed the judges in response to a series of questions divided up into different topics. Each judge's responses to the survey are posted below and these documents are maintained by the Bench Bar Liaison Committee. In the event of any conflict between the judge's responses to the survey and his or her posted procedures and practice, the posted procedures and practice, as well as the Local Rules will control.
