[Home](#) > Cell Phone Policy

The Oakland Division will now permit the use of cell phones on the second floor at 1300 Clay Street, Oakland, CA, but **only** in the special areas designated for that purpose.

If cell phone users do not restrict their use to the designated areas, or if users fail to turn their cell phones off when they are not in the designated areas (especially in the courtrooms), then the court's permission to use cell phones on the second floor will be withdrawn.
